Detect and analyze Adblockers

Darkwood.Design · Jan 3rd 2022 ·

★★★★★ (1)

The plugin recognizes visitors with activated adblocker and logs them. At the same time you can display a hint for visitors with activated Adblocker in the form of a banner or popup with your own text. You can also only display the first or no posts at all for visitors with activated Adblocker on the topic page.

CDN connection for attachments (Amazon AWS, Google Cloud)

Darkwood.Design · Sep 22nd 2021 ·

★★★★★ (2)

This plugin automatically uploads all attachments to a CDN provider like Amazon AWS or Google Cloud. Attachments on the website will then be delivered through the CDN provider. This increases the delivery speed and decreases your server load.
